SECOND

Annual Report

OF THE

CITY OF ROCHESTER,

OF THE

RECEIPTS AND EXPENDITURES,

AND OF THE SEVERAL DEPARTMENTS,

WITH THE

INVENTORY OF REAL ESTATE,

FOR THE

MUNICIPAL YEAR 1893.

ROCHESTER, N. H.:

THE RECORD BOOK AND JOB PRINTING ESTABLISHMENT.

1894.

N
352.97
R91
1843

MAYOR'S ADDRESS.

GENTLEMEN OF THE CITY COUNCIL:

In accordance with the requirements of our city charter, we have met here to-day and taken upon us, by our oaths of office, the responsibility of the government of the affairs of our city for the ensuing year.

While we may feel gratified at the confidence reposed in us by our election to assume that responsibility, let us endeavor to conduct the city affairs in such a manner as to retain the confidence of the people at the end of our term of office.

With that object in view, I will endeavor to outline in part what some of the most important matters are to be attended to the coming year. Our financial condition is of the first importance, and to that department I will call your attention.

FINANCES.

Liabilities Jan. 1, 1894, as follows:	
Funded debt, water bonds,	$200,000 00
City notes,	41,824 00
City notes on account of sewerage,	48,053 89
Unpaid bills on account of sewerage (estimated),	7,750 00
Outstanding checks and approved bills (estimated),	1,624 00
Present indebtedness, not including water debt,	$99,251 89

ASSETS.

Cash on hand, not including donation of Mrs. Hall of $500, which is for a specific purpose,	$7,320 98
Portland & Rochester railroad stock,	800 00
Due on F. I. Decatur's list, 1890,	207 10
" " 1891,	1,361 19
" " 1892,	1,780 33
" " 1893,	22,337 12
	$33,806 72
Total assets, not including sinking fund on account of water works,	$7,000 00

Present net indebtedness, not including water bonds, $65,-445.17, an increase of $47,510.73 over our last report, which was occasioned on account of the sewerage and settlement of the claim of James Corson for building the new road to East Rochester.

During the past year many minor public improvements have been brought about, such as the widening and laying out of streets, painting, remodeling and repairing of the engine houses, establishing of a fire alarm system, a free public library and many other smaller items, all of which help to show us to be an enterprising and progressive city.

While I am an advocate of public improvements, I am in favor of doing so in such a manner as to impose no extra burden upon the tax payers, and by doing something each year that will be a permanent improvement we can have the improvements needed, and without any increase in taxes; therefore, I would recommend that in making the appropriation for the ensuing year it be done so as not to increase the rate of $1.90 on a hundred dollars.

HIGHWAYS AND STREETS.

This is one of the most important matters to which I wish to call your attention at this time, as I am of the opinion that

the time has arrived when we should take action towards making some permanent improvements thereon. As there has been a good deal of criticism made of our streets, and the street commissioners not keeping them in better repair the past year, perhaps a word of explanation at this time would not be out of place. In view of the fact that our streets in the thickly settled part of the city had got to be dug up in order to lay the sewer, I did not think it advisable to make any extensive repairs upon them the past year; therefore, favored a small appropriation, which would have sufficed had not the power above seen fit to give us a snow storm last season that required about one-fourth of the appropriation to get the streets and highways in a passable condition.

In view of these facts, in connection with the small appropriation, I think the commissioner has kept them in as good shape as could be expected of any one with like conditions.

Therefore, for the ensuing year, I would recommend a more liberal appropriation for highways and streets, and suggest that a certain amount of the appropriation be used for macadamizing some short street, such as Railroad avenue or some other main street. As we have a stone crusher and material on hand for that purpose, I think it would be well to put it to some use, and ascertain whether it is what is required to make a good road bed for our streets, with a view of extending the work, if found to be what we want.

There is one other matter in connection with this subject that I wish to call your attention to at this time,—that is, the records and lay-out of the streets. I find them in a very imperfect condition; in fact, of quite a number of them there is no record to be found; therefore, I would recommend that a re-survey be made by the civil engineer and a record made of those of which there is no record, as they exist at the present time, thereby saving much delay and contention in regard to the street lines in the future.

SEWERAGE.

This is one of the questions that will require immediate attention. We now have about twelve miles of pipe

laid, at a cost of about fifty-nine thousand dollars, that is of no benefit to any one until the system is completed. There seems at the present time two ways under contemplation by which to complete the system; one is by extending to the river below the Gonic Manufacturing Co.'s dam, and the other is by building a filtering basin to retain the refuse matter. In either case, it will require plans and estimates of the cost, and it would be well to estimate cost of both before deciding upon either. It seems as though the matter should be decided this winter, so as to have the system completed early in the spring.

There is one other question in connection with this matter that should be decided at your earliest convenience,—that is, the expense of entering the sewer and expense of maintaining it after completion. It seems to me, in view of the location of our city, that, in justice to those who live away from the sewer and derive no benefit from it, the proper way to adjust the expense would be to charge a specific amount for entering and a yearly rate for the use of the sewerage, in the same manner as for use of water, thereby making the system self-sustaining in a measure, and yet impose no extra burden by taxation upon those who derive no benefit from it, and I would present this to you for your consideration.

There is one other matter under this head that I would call your attention to at this time, that is the surface sewerage.

The most of you are well aware of the poor condition of it at the present time; also that we now have a suit pending in court, asking for damage on account of it. There are several places where it needs to be re-laid and extended. I think there should be a survey made at once for a surface sewer, utilizing as much of the old sewer as is practical, so that when any repairs are made to the old sewer, or a new piece laid, that it can be done in a manner to make it a permanent thing.

I would, therefore, recommend that steps be taken to have this matter attended to at once, and that as soon as possible in the spring, our surface sewerage be re-laid and extended wherever necessary, and thereby save unnecessary expense and grumbling in the future.

OTHER DEPARTMENTS.

In regard to the water works, fire and other departments, I have no remarks or recommendations to make at this time, other than that they have been, so far as I can see, conducted in an able manner, and require no large outlays the coming year. For any further information I will refer you to the reports of the different departments.

FUTURE NEEDS OF THE CITY.

I wish to call your attention to one of the most urgent needs of the city at the present time, that is a city hall.

When I say a city hall, I do not mean an opera house, but a building large enough to contain all the rooms necessary to conduct the affairs of the city in; also to contain the police and fire alarm stations and public library. I think there should be such a building erected during the coming summer, and I will give a few of my reasons.

First, we are very much cramped for room where the officers are now located and with no protection for but a small portion of the city records and papers against fire. With a fire such as we came very near having a short time ago, there would be no such thing as saving but a small part of the city records and papers, which might cause a loss to the city that could not be estimated in value, by dollars.

Now, our records and papers are distributed from one end of the city to the other. What there is room for, are in the City Clerk's and Assessors' offices; others are stored at the Lockup, subject to the ravages of the rats and mice; while, through the kindness of Ex-Mayor Whitehouse, the most valuable, which are not in daily use, are stored in the bank vault at Gonic, as a protection against fire. This causes great inconvenience and loss of time whenever there is occasion to look up any record, as often one is obliged to visit all of the places before the record can be found.

Another reason is, we are in need of a better and more secure lockup than we now have; as it is now, the police do not dare to leave a prisoner of any note there over night, without a

guard for protection, and with the condition it is in it would seem to be a waste of money to attempt to repair it.

In view of these facts it seems to me as though it would be to the advantage of the city and people, and wise economy in the end, for the city to erect a city building the coming summer, large enough to contain all the city offices, police and fire alarm stations, public library, and a fire proof vault for the city papers and records. Therefore, I would recommend the erection of such a building as I have described, the same to be paid for by creating a city debt therefor. It may be and doubtless will be said, by some, that it will make the city debt so large as to cause an increased rate of taxation, thereby causing an unnecessary burden to the tax payers; but it seems as though, in view of the depression in business and low price of materials, that we shall never have a better time than now to build.

I would say that, in my opinion, such a building as we need ought not to cost over $25,000—the interest upon which would be but a trifle more than we are now paying for rent, and that the tax payers would never know any difference in their tax bills and we should have something to show for the money expended that would be both an ornament and benefit to the city.

CONCLUSION.

These matters that I have called your attention to at the present time seem to me to be the ones that require your first attention. There are other subjects of minor importance, perhaps, that I should have mentioned but will forbear to do so now; but will do so, as occasion requires, in the future.

ROCHESTER CITY GOVERNMENT,

AS ORGANIZED JAN. 3, 1894.

MAYOR, HON. ORRIN A. HOYT.

CHARLES W. BROWN.....CITY CLERK

County tax, the amount to be assessed by the county. The state tax and the amount necessary to the payment of notes and interest are provided for and appropriated out of money coming from the state, and that the sum of sixty-seven thousand five hundred dollars, including the county tax, shall be raised by taxation, and the balance, if any, be paid from any money in the treasury not otherwise appropriated.

Rochester, Jan. 20, 1893.

O. A. HOYT,
J. THORNE DODGE,
JOHN W. TEBBETTS, } *Committee on Finance.*

Passed January 27, 1893.

RESOLUTION FOR PURCHASING BADGES FOR MEMBERS OF THE FIRE DEPARTMENT.

Resolved by the City Council of the City of Rochester:

That the sum of one hundred dollars is hereby appropriated from the sum heretofore appropriated for the fire department for the current year for the purchase of suitable badges for the members of the fire department of said city of Rochester, the same to be expended under the direction of the mayor, chief engineer of the fire department and the committee on fire department of said city of Rochester.

Passed Feb. 17, 1893.

RESOLUTION FOR ESTABLISHING A FIRE ALARM SYSTEM FOR THE CITY OF ROCHESTER.

Resolved by the City Council of the City of Rochester:

That twenty-five hundred dollars of the sum appropriated for the fire department for the current year is hereby set apart for the establishment of a fire alarm system for said city of Rochester, the same to be expended under the direction of the mayor, chief engineer of the fire department and the committee on fire department of the city of Rochester.

Passed Feb. 17, 1893.

RESOLUTION TO PAY CAROLINE A. BENNETT FOR INJURIES.

Resolved by the City Council of the City of Rochester:

That the sum of five hundred dollars is hereby appropriated from the sum appropriated for miscellaneous expenses to

settle the claim of Caroline A. Bennett for personal injuries received on the steps of the high school building, in said city, while in the discharge of her duties as a servant of the above city.

Passed March 3, 1893.

RESOLUTION FOR CONTRIBUTING TO THE SUPPORT OF THE READING ROOM MAINTAINED BY THE WOMAN'S CHRISTIAN TEMPERANCE UNION.

Resolved by the City Council of the City of Rochester:

That the sum of fifty dollars is hereby appropriated from the sum heretofore appropriated for miscellaneous expenses toward defraying the expense of maintaining the reading room managed by the Woman's Christian Temperance Union from March 1st current to July 1st next.

Passed March 18, 1893.

RESOLUTION TO PURCHASE A HOSE WAGON.

Resolved by the City Council of the City of Rochester:

That the committee on fire department are hereby authorized to expend a sum not exceeding five hundred dollars (of the money appropriated for said department) for the purchase of a hose wagon for the use of the city of Rochester.

Passed April 4, 1893.

RESOLUTION FOR PAYING CHARLES E. HODGDON FOR DAMAGES ON THE HIGHWAY.

Resolved by the City Council of the City of Rochester:

That the sum of two hundred ninety-five and 31-100 dollars be paid to Charles E. Hodgdon in full settlement of his claim against the city for damages on the highway.

Passed April 25, 1893.

RESOLUTION FOR PURCHASING LAND ADJOINING THE RESERVOIR OF THE CITY WATER WORKS.

Resolved by the City Council of the City of Rochester:

That the sum of two hundred and seventy-five dollars is hereby appropriated from the unexpended balance in the city treasury on account of the extension of the city water works, for the purchase of land adjoining the reservoir from William Howard.

Passed May 16, 1893.

RESOLUTION FOR PAYING THE SUM AWARDED TO CHRISTIE PELCHAT.

Resolved by the City Council of the City of Rochester:

That the sum of fifty dollars be paid to Christie Pelchat in accordance with the report of the committee on legal affairs adopted by the city council of the city of Rochester, May 23, 1893.

Passed May 23, 1893.

RESOLUTION FOR APPROPRIATING MONEY FOR THE ESTABLISHMENT AND MAINTENANCE OF A FREE PUBLIC LIBRARY BY THE CITY OF ROCHESTER.

Resolved by the City Council of the City of Rochester:

That the sum of two thousand dollars is hereby appropriated from any unexpended balance remaining in the city treasury for the establishment and maintenance of a free public library by the city of Rochester.

Passed June 23, 1893.

RESOLUTION TO REPAIR THE HOOK AND LADDER HOUSE.

Resolved by the City Council of the City of Rochester:

That a sum not exceeding three hundred dollars be, and the same hereby is, appropriated from any unexpended balance in the city treasury not otherwise appropriated, for the purpose of dropping the floors of the hook and ladder house and providing stable room for the city horses.

Passed June 23, 1893.

RESOLUTION TO PURCHASE LOTS OF FELKER AND EVANS.

Resolved by the City Council of the City of Rochester:

That the sum of three hundred dollars be appropriated from any unexpended funds in the city treasury for purchase of Felker and Evans lots, as recommended by committee on water works, and the mayor is hereby authorized to take deed of same.

Passed July 21, 1893.

RESOLUTION FOR PAYING AWARD OF DAMAGES TO LILLA M. BROWN.

Resolved by the City Council of the City of Rochester:

That the sum of one hundred and twenty-five dollars is hereby appropriated from the unexpended balance of the fund appropriated for miscellaneous expenses for the payment of the sum awarded to Lilla M. Brown for injuries received on a public highway in said city.

Passed Sept. 8, 1893.

RESOLUTION FOR PAYING AWARD OF DAMAGES TO JESSE M. SMITH FOR INJURIES RECEIVED ON CHARLES STREET.

Resolved by the City Council of the City of Rochester:

That the sum of seventy-five dollars is hereby appropriated from the unexpended balance of the fund appropriated for miscellaneous expenses for the payment of the sum awarded to Jesse M. Smith for injuries received on Charles street.

Passed Sept. 8, 1893.

RESOLUTION TO SETTLE CLAIM OF KING & GODDARD.

Resolved by the City Council of the City of Rochester:

That the sum of one hundred and fifty dollars is hereby appropriated from the funds of the water works to settle the claim of King & Goddard against the city of Rochester.

Passed Sept. 8, 1893.

RESOLUTION APPROPRIATING MONEY FOR THE FIRE DEPARTMENT.

Resolved by the City Council of the City of Rochester:

That the sum of two hundred and fifty dollars is hereby appropoiated from any unexpended balance remaining in the city treasury for the payment of the expenses of the fire department.

Passed Oct. 6, 1893.

RESOLUTION OF APPROPRIATION FOR EXTENSION OF WATER WORKS ON BROAD STREET.

Resolved by the City Council of the City of Rochester:

That the sum of seven hundred and fifty dollars is hereby appropriated from the sum already appropriated to the construction account for the extension of water pipe on Broad street.

Passed Oct. 6, 1893.

Resolved by the City Council of the City of Rochester:

That the sum of one hundred and thirty-five dollars be and is hereby appropriated from and out of any money in the city treasury not otherwise appropriated for the purpose of painting the house of the A. D. Whitehouse Hose Co.

Passed Oct. 24, 1893.

RESOLUTION FOR APPROPRIATING ADDITIONAL MONEY FOR ROADS, BRIDGES AND DRAINS.

Resolved by the City Council of the City of Rochester:

That the sum of three thousand dollars be hired on note or notes of the city for the purpose of building new roads and the maintenance of roads, bridges and drains. Said sum of three thousand dollars to be a city debt.

Passed Oct. 31, 1893.

RESOLUTION TO PAY MRS. LAVINA J. MASON LAND DAMAGES OCCASIONED BY THE WIDENING AND STRAIGHTENING OF WINTER STREET.

Resolved by the City Council of the City of Rochester:

That the sum of one hundred and fifty dollars is hereby appropriated from the sum already appropriated for highways,

bridges and drains for the purpose of settling the land damages with Mrs. Lavina J. Mason occasioned by the widening and straightening of Winter street.

Passed Nov. 18, 1893.

RESOLUTION FOR THE EXTENSION OF THE SEWERAGE SYSTEM AT EAST ROCHESTER.

Resolved by the City Council of the City of Rochester:

That the sum of eight hundred and fifty dollars is hereby appropriated for the extension of the sewerage system at East Rochester, in accordance with plans and estimates of the city civil engineer.

That the said sum of eight hundred and fifty dollars shall be raised on note or notes of the city and shall constitute a portion of the city debt.

Passed Nov. 24, 1893.

RESOLUTION FOR SURFACE DRAINAGE AT GONIC.

Resolved by the City Council of the City of Rochester:

That the sum of nine hundred and fifty dollars is hereby appropriated from the sum appropriated for roads, bridges and drains, for the laying of pipes for surface drainage at Gonic, according to plans and estimates of the city civil engineer.

Passed Nov. 24, 1893.

RESOLUTION TO PAY MRS. CHARLES W. BICKFORD FOR LAND DAMAGES OCCASIONED BY THE WIDENING OF MARKET STREET.

Resolved by the City Council of the City of Rochester:

That the sum of two hundred and seventy-five (275) dollars be appropriated from the sum already appropriated to the

highway department for the purpose of paying the land damages to Mrs. Chas. W. Bickford occasioned by the widening of Market street from Factory court to Union street.

Passed Dec. 16, 1893.

RESOLUTION TRANSFERRING FROM AMOUNT APPROPRIATED TO SCHOOL EXPENSES TO SCHOOL SUPPLIES.

Resolved by the City Council of the City of Rochester:

That two hundred dollars of the amount appropriated to school expenses be transferred to the amount appropriated for school books and supplies,

Passed Dec. 22, 1893.

RESOLUTION APPROPRIATING MONEY FOR THE HEALTH DEPARTMENT.

Resolved by the City Council of the City of Rochester:

That the sum of three hundred dollars is hereby appropriated from the sum appropriated for miscellaneous expenses for the support of the health department.

Passed Dec. 22, 1893.

RESOLUTION TRANSFERRING FROM THE AMOUNT RECEIVED FROM THE STATE TO THE FIRE DEPARTMENT.

Resolved by the City Council of the City of Rochester:

That one thousand dollars of the amount received from the state be transferred to the fire department to meet the necessary expense of the current fiscal year,

Passed Dec. 22, 1893.

Amendments to the General Ordinances and Rules and Orders, Passed Since the Last Report Was Printed.

AMENDMENT TO SECTION 1 OF THE RULES AND ORDERS OF THE CITY COUNCIL.

Section 1 of the Rules and Orders of the City Council is hereby amended by adding to the same the following:

The regular meeting of the city council shall be held on the first Tuesday of each month at 7.30 o'clock p. m.

Passed Dec. 7, 1893.

AN ORDINANCE IN AMENDMENT OF CHAPTER XXIII OF THE GENERAL ORDINANCES OF THE CITY OF ROCHESTER.

Be it Ordained by the City Council of the City of Rochester as follows:

Chapter XXIII of the General Ordinances of the city of Rochester is hereby amended by striking out the word "two" in the sentence referring to the salary of police judge and inserting in place thereof the word "three," so that said sentence shall read as follows: The police judge three hundred dollars.

Passed Oct. 24, 1893.

AMENDMENT TO SECTION 3, CHAPTER XXIV, OF THE GENERAL ORDINANCES OF THE CITY OF ROCHESTER.

Be it Ordained by the City Council of the City of Rochester:

That Section 3, Chapter XXIV, of the General Ordinances of the city of Rochester is hereby amended by striking out the word "one" before the word "police" in the ninth line of said section and inserting in place thereof the word "two," so that portion of said section shall read as follows: Two police officers at East Rochester.

Passed Jan. 3, 1894.

AMENDMENT TO SECTION 1, CHAPTER XXIII, OF THE GENERAL ORDINANCES OF THE CITY OF ROCHESTER IN REGARD TO POLICE OFFICERS AT EAST ROCHESTER.

Be It Ordained by the City Council of the City of Rochester as follows:

That Section 1, Chapter XXIII., of the General Ordinances of the city of Rochester is hereby amended by striking out the words "seventy-five" after the words "East Rochester," and inserting in place thereof the word "fifty," and by adding the word "each" after the word "dollars," so that said section shall read as follows:

Police officers stationed at East Rochester fifty dollars each.

Passed Jan. 3, 1894.

AMENDMENT TO CHAPTER XXV OF THE GENERAL ORDINANCES OF THE CITY OF ROCHESTER.

Be it Ordained by the City Council of the City of Rochester as follows:

Chapter XXV. of the General Ordinances of the city of Rochester is hereby amended by adding the words "and reading room" to Section 1 of said chapter, and by inserting the words "and reading room" after the word "library" in the sixth line of Section 4 of said chapter.

Passed Jan. 9. 1894,

DETAILED STATEMENT

OF EACH DEPARTMENT, AS SHOWN BY THE BOOKS OF THE CITY CLERK.

HIGHWAY DEPARTMENT.

Paid Geo. E. Varney, hay and grain (1892 bill),	$ 30 19
C. W. Sleeper, 18 days' work on East Rochester sewer (1892),	45 00
Geo. A. Bickford, labor (1892),	6 00
Moore & Co., construction of East Rochester sewer,	1,046 38
A. B. Clark, snow plow,	40 00
B. & M. R. R. freight,	45
Chas. F. Hayes, labor (1892),	5 80
Ed. Rollins, trucking,	1 00

Report of Overseer of the Poor.

To the City Council of the City of Rochester.

Agreeably to the city ordinances, I hereby submit this my annual report of all the transactions for the past year.

There have been many calls for aid during the past year, a large proportion of whom are county paupers. As there is an agent in this city to act for the county, those cases have been transferred to him as soon as the necessary proof could be furnished.

Such aid has been rendered as in my judgment the circumstances of the applicants required, and that none might suffer for want of those things necessary for their comfort.

The three children who were sent to St. Mary's Orphanage still remain at that institution at an expense of $5.00 per month for each child. This amount to be in full for clothing, nursing, and medical attendance when required. I am of the opinion that they could not be better cared for at any less expense at any other place.

The two children who were provided a home at Mrs. P. C. Sampson's at the time of my report for the year 1892, still remain there at the same expense to the city.

I have not considered it necessary to convey any of our poor to the county alms house, during the past year.

Following is a list of those receiving aid during the past year and the amount furnished each applicant.

SOLDIERS' AID—COUNTY.

Frank Kenniston,	$29 00

Amount of fines and costs imposed by police justice and collected,	$897 00
Less amount paid to special officers and witnesses, by order of court,	175 67
Balance paid into city treasury,	$721 33

By advice of His Honor, the Mayor, and the consent of the members of the council, on the first day of November last I detailed Edgar D. Potter from the special force to do regular police duty. The reasons for so doing were well understood by your honorable body at that time. The same need still exists. I would respectfully recommend that the matter be left with the mayor and city marshal for the present.

Much valuable assistance has been received from officers in other cities and towns, and in all cases where like assistance could be given, it has been my endeavor to do so.

In closing, I have simply to say that I have endeavored to discharge the duties of my office faithfully, economically and impartially.

I would remember His Honor, Mayor Hoyt, whose counsel in the duties of this office has been of great value, members of the city council, the city solicitor, justice and clerk of the police court, for their kind words of encouragement and assistance.

Your obedient servant,

CHARLES W. SLEEPER, *City Marshal.*

Report of Clerk of Police Court.

To the City Council of the City of Rochester:

I herewith submit to your honorable body the following report for the year ending Dec. 31, 1893:

There have been entered on the police court civil docket 33 cases, and on the criminal docket there have been entered 112 cases for the following causes, viz.:

Drunkenness,	54
Larceny,	9
Exposing horse with troublesome disease,	3
Assault,	8
Perjury,	1
Keeping spirituous and malt liquor for sale,	16
Selling spirituous liquor,	1
Evading car fare,	2
Keeping unlicensed dog,	4
Non-support of family,	2
Aggravated assault,	2
Attempted rape,	1
Breaking and entering and larceny,	1
Obtaining goods under false pretences,	1
Assault with intent to kill,	2
Truant,	1
Vagraut,	1
Selling cider,	2
Common drunkard,	1
	112

DISPOSED OF AS FOLLOWS.

Paid fine and costs,	41
Sentence suspended by court,	20
Gone out of liquor business,	2
Committed to jail,	11
House of Correction,	18
Committed to State Industrial School,	1
Recognized for appearance to court,	7
Nol-prossed,	2
Disclosed,	3
Dropped by order of court,	4
Continued nisi,	1
Discharged,	2
	112

I have collected for writs, entries and clerk's fees from the supreme court $36.71, and have paid the same to the city treasurer.

Respectfully submitted,

HENRY F. WALKER, *Clerk of Police Court.*

Report of City Solicitor.

To the City Council of the City of Rochester:

At the time of making my last annual report five actions at law were pending against the city, four being for personal injuries sustained on highways, and several claims for the same cause had been presented, upon which suits had not been brought. All of these actions and claims have been disposed of, either by payment or dismissal, so that no action is in court and no claim on file by reason of this class of claims. The settlements referred to have been as follows:

Lilla B. Brown	by payment of	$125 00
Sarah Marquis	"	125 00
Leonie Vachon	"	125 00
Charles E. Hodgdon	"	295 31

Theresa F. Hussey	"	125 00
John F. Hobbs	"	25 00

In the action of King & Goddard the verdict obtained against the city at the September term of court 1892, was set aside and a settlement effected by payment of $150, which was but little if any more than a second trial would have cost the city.

James Corson vs Rochester was a claim for labor and material furnished in building the new highway to East Rochester several years ago. At the last term of court Corson was awarded the sum of $2540.82 and costs of suit $102.08.

The bill in equity brought last October by the Gonic M'f'g. Co. to prevent the city from constructing and maintaining the outlet of the sewer at Walker's bridge will be in order for hearing at the coming term of court, but it is not improbable

that this matter will be disposed of satisfactorily to all parties without litigation.

The appeal of Ezekiel Wentworth from the award of the Council for damages sustained by him through taking his land for widening and straightening Market street has been referred to the County Commissioners.

Another bill in equity against the city is brought by Vienna and Samuel F. Jewell and is in the nature of an appeal from the damages awarded them by the County Commissioners for the taking of Round Pond with drainage and flowage rights by the Rochester Aqueduct and Water company.

These three proceedings in equity and the action at law of the owners of the "Hale field" to recover damages for the maintenance of a defective surface drainage or sewer on their premises are the only cases now in court in which the city is a party.

The act passed at the last session of the legislature amending the law relating to damages happening in the use of highways must materially lessen the claims for injuries sustained by travelers.

The city has been fortunate in the adjustments made by its sewerage committee with all land owners whose premises have been crossed in the construction of our sewerage system, and we firmly believe the settlements made with the many claimants, as stated in this report, have been made at much less expense than the aggregated successful verdicts could have been paid.

Early in the year we asked for the appointment of a special committee on legal affairs, and you kindly appointed Mayor Hoyt and Councilmen Barker and Dodge as such committee. Centrally located and easily convened, this office has had the benefit of their opinions and judgment at all times, and the city, as well as this office, is much indebted to them for the present satisfactory condition of our legal affairs.

Respectfully submitted,

GEORGE E. COCHRANE, *Solicitor.*

Rochester, N. H., Jan. 2, 1894.

Report of the Board of Health.

To the City Council of the City of Rochester:

The board of health respectfully submit the following report for the year ending Dec. 31, 1893:

The regular inspection of the city, as required by Section 8 of the General Ordinances of the city, has been thoroughly carried out.

The number of premises inspected, including dwelling-houses, stores, slaughter houses, offensive sewers and refuse dumps, were 504.

Since Jan. 1, 1893, there have been 197 complaints of nuisances, all of which were examined, and such action taken as was deemed necessary by the board. Several complaints of offensive sewers have been made, and upon examination found as represented. This trouble will be entirely done away with as soon as the sink drains and vaults now emptying into the surface sewage system are connected with the system now being constructed. Other nuisances found include hog pens, manure heaps, sink drains and privies.

CONTAGIOUS DISEASES.

During the year there have been 17 cases of diphtheria, (in 1892 there were 26 cases, and in 1891 there were 94 cases), 9 cases of typhoid fever, 7 cases of scarlet fever, and 6 cases of measles. Each patient was isolated and the house placarded, and everything possible done to prevent the spreading of the disease. Each house was thoroughly fumigated, and the cause of the disease was removed whenever it could be discovered.

At the present time the sanitary condition of the city is very good.

W. B. DOWNS, M. D.,
E. F. TWOMBLY,
Board of Health.

Roads, Bridges and Drains.

To the Honorable Mayor and City Council of the City of Rochester.

Your committee on roads, bridges and drains herewith submit their annual report, together with the report of the superintendent of streets, for the year ending Dec. 31, 1893.

Amount expended in	District 1, C. W. Allen, asst.,	$191 22
"	District 3, Sylvester Furbush,	988 15
"	District 4 J. F. Twombly,	245 45
"	District 5 Chas. W. Gerrish,	101 29
"	District 6 Noah Willand,	127 25
"	District 10 Simon L. Horne,	109 10
"	District 11 Fred E. Whipple,	75 00
"	District 12 John T. Grant,	132 75
"	District 13 Victor E. Page,	168 00
"	District 15 Frank E. Hodgdon,	53 76
"	District 16 Geo. F. Babb,	1015 55
"	District 17 Geo. A. Bickford,	22 50
"	District 18, D. F. Jenness,	218 26
"	District 19, J. E. Chesley,	100 24
"	District 20, Geo. F. Pinkham,	140 90
"	District 21, Geo. W. Foss,	153 88
"	District 22, Henry W. Peaslee,	127 85
"	District 24, Chas. H. Seavey,	44 25
"	District 25, Arthur A. Chase,	60 75
"	District 26, William Flagg,	47 40
"	District 27, James Foss,	138 25
"	District 28, E. E. Evans,	168 32
"	District 29, Frank Pugsley,	77 91
"	District 30, Allan Twombly,	74 50
"	District 31, C. H. Hodgdon and Simon Horne,	138 75
"	District 32, Andrew R. Nute,	143 69
"	District 33, Simon Wentworth,	33 80
"	District 34, Geo. A. Bickford,	68 74

Expense of trimming trees in Districts, 7, 8, 9 and 14,	111 00
Expense of pier and planking for Flat Rock bridge,	84 40
Lumber for road railing,	378 00
Labor for road railing,	116 12
Lead and oil in painting same,	55 50
Labor for painting,	32 00
Spikes and nails,	9 25
Grading Linden and King streets,	335 35
Keeping of city horses,	324 14
Shoeing of city horses,	19 65
Salary of driver of city horses,	547 50
Paid F. E. Wallace & Co., spikes, shoes, nails, &c.,	73 22
Repairs in three village districts, including breaking roads and repairing after the sewer was laid, which occasioned unusual expense,	2,800 00

During the past year the committee saw fit to build 900 yards of sidewalks at an average cost of 93 cents per running foot, as follows:

Market street,	700 feet.
Main street	250 "
Liberty street	350 "
Portland street	1,050 "
Railroad avenue	200 "
Main street, East Rochester	150 "

The Portland-street sidewalk is double-edged partially, the inside being furnished by abutters, but was set at the city's expense.

REMARKS.

Owing to the bad condition of our bridge railing and the deep and dangerous embankments, the committee deemed it a wise precaution to erect railings as a means of safety to the traveling public, and therefore purchased and erected 4,000 feet

and would recommend further precaution in a like manner. We would also recommend that an appropriation be made of $4,000, or a necessary sum, to be expended in macadamizing streets notoriously muddy in rainy seasons, namely: Railroad avenue and Liberty street.

The wooden bridge, or "old bridge," so called, is in a dilapidated condition, and we would recommend that Bridge street be widened and a new iron bridge erected.

There are considerable plank sidewalks in the city which are a constant expense in regard to repairs, which should be dispensed with and replaced with substantial brick walks. We further recommend brick walks on portions of Elm, Chestnut Summer and Charles streets.

JAMES B. STEVENS,
JOSEPH WARREN,
Committee on Roads, Bridges and Drains.

GEO. T. McDUFFEE,
Superintendent of Streets.

Report of Trustees Public Library.

To the City Council of Rochester:

In accordance with chapter XXV, section 5, of the General Ordinances, the trustees of the public library submit the following report.

PUBLIC LIBRARY RECEIPTS.

Cash paid librarian for incidentals,	20 00
Balance unexpended,	42 76
Cash in librarian's hand,	4 93
	$2,000 00

Respectfully submitted,

O. A. HOYT, *Chairman of Trustees.*

Chief Engineer's Report.

To His Honor, the Mayor, and City Council:

Gentlemen:—In compliance with the ordinance, I present the following report of the fire department for the year ending December 31st, 1893. I have attended during the past year twenty-four fires.

The department consists of chief engineer and four assistants.

Cocheco Hose Co. No. 1, ten men.

Torrent Hose Co. No. 2, ten men.

Whitehouse Hose Co. No. 3, fifteen men.

Harrington Hose Co. No. 4, fifteen men.

Ela Hose Co. No. 5, fifteen men.

Resolute Hook and Ladder Co. No. 6, twenty men.

Sturtevant Hose Co. No. 7, ten men.

We have made some great improvements in the department during the past year. The city water has been placed in the engine houses. The engine house on Hanson street has been built over and the city horses stabled there to run with the Hook and Ladder truck. Some needed repairs have been made in Cocheco house, also a hose tower built in Ward 1 house.

We have purchased of Davis & Son, Concord, N. H., one of their best hose wagons for Ela Hose Co. No. 5.

I would recommend the city to send the hook and ladder truck away and have it repaired, as it is not safe to use now, and can be made into a modern truck for less than $200.

I would recommend the city to purchase 2000 feet of new hose, as Wards 1 and 3 are sadly in need of new hose, also Ela Hose Co.

I would recommend the city to purchase two chemical and hose wagons combined, one for Ward 3, the other for Torrent Co., as in my opinion they are the best apparatus that a small city can own, and two-thirds of the fires which we have can be

put out with them, and save a great loss which water would cause.

The expenses for the year will be found in the report of the committee on finance.

W. C. SANBORN, *Chief Engineer.*

GAMEWELL ELECTRIC FIRE ALARM SYSTEM.

The greatest improvement which has been added to the fire department is the Gamewell Electric Fire Alarm System, which was accepted by the city last June. We have in this city about seven miles of wire, three indicators, three tappers, fourteen alarm boxes and a bell striker situated in the tower of the Methodist church, also galvanometer and batteries placed in the city marshal's office.

THE BOXES ARE AS FOLLOWS:

Box 16. Market St. cor. Bridge,
17. Main St. cor. Congress.
21. River St. cor. Tibbetts Avenue.
23. Waldron Ave. cor. Chestnut St.
25. E. W. Standley's store.
27. Elm St. near Sam Burnham's house.
31. Wakefield St. cor. Breed's Court.
34. Summer St. near Mrs. Robert's stone house.
35. Portland St. near Gerrish's store.
37. Silver St. near Electric Light station.
41. Main St. opposite Odd Fellow's block.
43. Pound St. school house.
52. Charles St. cor. May.
54. Charles St. cor. Woodman.

I would recommend the city to purchase a ten-inch steam gong at a cost of about $500, or a bell weighing about 3500 at about the same cost.

I would also recommend the city to purchase five more alarm boxes the same as we have in use now.

W. C. SANBORN, *Supt. Fire Alarm.*

Report of Supt. of Water Works.

To the Water Committee and Members of the City Council of the City of Rochester.

I herewith submit my second annual report for the year ending Dec. 31, 1893:

The water in the reservoir has been well up to the mark this season, while in many portions of New England there has been a scarcity of water and a water famine threatened. Our supply has been ample and the reservoir higher than it has been on the average during the summer months.

The water has been of excellent quality, the only objection being a slight growth of vegetable matter, which made its appearance around the shores of the reservoir. This growth was more annoying than injurious, as but little bad taste or odor was produced by it.

The water in the reservoir has improved in quality since the introduction of Round Pond, a portion of which has been allowed to flow into it during the summer months.

It is encouraging to note the marked improvement thus far accomplished. It also gives strong assurance that our public water supply is second to none in New England.

Total number services to date,	793
" put in during the past year,	213

There have been laid 2,030 feet of small pipe in streets where there were no water mains, as follows:

Congress street,	2in.,	285 feet
Waldron avenue,	1in.,	165 "
School street, Gonic,	3-4in.,	300 "
Felker street, "	3-4in.,	160 "

Allen street,	1in.,	500 ft
"	3-4in.,	100 "
Cross court,	3-4in.,	200 "
Jackson court,	3-4in.,	110 "
Maple court, Gonic,	3-4in.,	210 "
		2030 feet

Total am't of	3-4in.	service pipe	laid during year,	17,056ft. 7in.
"	1in.	"	"	54ft.
"	2in.	"	"	17ft.
"	4in.	"	"	22ft. 6in.
Total,				17,150ft. 1in.

Distribution pipe laid as follows:

Factory Court,	6 in.	285 ft.
Central Avenue,	"	128 " 6 in.
River street,	"	283 " 6 "
Signal "	"	360 " 6 "
High "	"	408 " 8 "
Park "	"	705 " 6 "
New road to East Rochester,	"	438 "
Broad street,	"	1000 "
		3609 ft. 8 in.

There have been during the year 21 leaks discovered and repaired; date, size of pipe, location and cause of the same as follows:

Jan. 25, E. Chesley's pasture, 12in. pipe, bad joint.
" 26, corner Portland street and Harrison avenue, 6in. pipe, bad joint.
Mar. 20, Walnut street, 6in. pipe, cracked pipe.
" 22, corner Wakefield and Pleasant streets, 6in. pipe, bad joint.

Mar. 27, Portland street, 10in. pipe, bad joint.
" 28, corner Hancock and Upham streets, 6in. pipe, bad joint.
Mar. 28, Prospect street, 6in. pipe, bad joint.
Apr. 5, Maple street, 6in. pipe, cracked pipe.
" 7, Walnut street, 6in. pipe, cracked pipe.
" 10, Main street (Gonic), 10in. pipe, bad joint.
" 15, Walnut street, 6in. pipe, cracked pipe.
" 17, " " "
" " High street, 1in " frost.
" 18, Portland street, 10in. pipe, bad joint.
" 20, Pine street, 6in. " frost.
" 30, B. & M. R. R. depot 6in. " bad joint.
June 1, Summer street, 6in. " "
Aug. 8, Main st. (Gonic), 10in. " "
Sept. 22, Elm street, 10in. " "
" 23, Leonard street, 6in. " "
Nov. 20, Maple st. (Gonic), 6in. " "

LOCATION OF HYDRANTS, SIZE OF PIPE AND VALVE USED.

1. North side Wakefield street, opp. Sturtevant house, 8in. pipe, Ludlow valve.
2. North corner Wakefield and Summer streets, 8in. pipe, Coffin valve.
3. South corner Breed's shoe shop, 6in. pipe, Coffin valve.

Report of Water Committee.

To the Honorable Mayor and City Council of the City of Rochester, N. H.:

The Water Committee herewith have the honor to submit their annual report of the finances and condition of the water department, for the term ending Dec. 31, 1893.

CONSTRUCTION.

The amount of approved bills charged to the construction account is $3,408 13

MAINTAINANCE.

To this department we would refer you to the report of Superintendent of Water Works.

The cost of this department has been $1,798 91

A large sum has been expended in laying new distribution mains. New streets are constantly laid out, and will require new mains the ensuing year. We refer you to the superintendent's report for details. The first thing required on opening a street is water for building purposes and domestic use. Your committee feel that these demands should be complied

with whenever they are assured a reasonable revenue to be derived from water rents. In addition to the income derived from water rents, the city derives a large income from the increased valuation and taxes.

On a thorough examination of the reservoir, the committee deemed it advisable to build a wall around part of the same. At the upper end the water was flowing back over a low, marshy stretch, and on receding carried with it more or less vegetable matter or growth. At this point a bank wall has been commenced, and improvement noticed in the water. The committee would recommend the extension of this wall be continued from year to year.

Your committee also found it was necessary to have a row boat on the reservoir, for the purpose of transporting lumber for fencing and other purposes, and purchased the same. A neat and attractive boat house has been built, providing accommodations for the boat, as well as for tools needed while making repairs. You who have visited this part of the plant can but have noticed the improvements already made.

Your committee also found that the city was under bonds for the maintainance of the bridge connecting the reservoir with Berry river, which was nearly useless, and decided to fill up the space occupied by the same, thereby releasing the city. In place of the bridge a conduit has been built and bridge discontinued, and we would recommend the laying of pipe be continued to this river.

The purity of the water, as far as your committee can ascertain, compares favorably with any similar system. The quantity is surpassed by none, according to the demand.

Some system of filterage at the outlet must sooner or later demand our attention, and we would suggest that as soon as expedient a committee be appointed, or some way devised to look into this matter, as it affects both health and standing of our city.

In conclusion, we wish to thank this council for their readiness to always do what was in our judgment for the best inter-

ests of this department; also our present efficient superintendent of the water works for his uniform courtesy and willingness to carry out the suggestions of your committee, and ever proving himself a faithful servant.

CHAS. W. HOWE,
JOSEPH WARREN,
JOHN W. TEBBETTS,

Committee on Water Works.

City Engineer's Report.

To the Honorable Mayor and Council of the City of Rochester:

GENTLEMEN:—By far the most extensive and important work within the scope of this department, during the year 1893, has been the construction of our sewerage system. This work, although contracted for in 1892 by Joseph Bruno, was suspended on account of financial difficulties in which the contractor became involved, when only a portion had been completed.

The following summary shows the amount of work done at the time Mr. Bruno notified the city of his inability to fulfill his contract, and also the amount accomplished up to the beginning of the year 1893.

In April of this year the work was again advertised, and on May 3 sealed proposals were received from the following parties: Bartlett, Gay & Young of Manchester, N. H.; Wm. S. Marsh, Lawrence, Mass.; A. W. Bryne, Somerville, Mass.; National Construction Co., Boston, Mass.; Everson & Liddle, Providence, R. I.; F. L. Allen, Worcester, Mass.; and Dennis O'Connor, Boston, Mass. These bids, based upon quantities which were increased somewhat when the construction was made, ranged from about $33,000 to nearly $48,000. The proposal of Messrs. Bartlett, Gay & Young, being the lowest, was accepted, the contract duly executed, and on June 2 construction was commenced.

The following tabulation shows the amount of work done by Bartlett, Gay & Young, together with the cost of the same.

The plan of the system as originally designed, with some extensions and additions, is now completed, with the exception of the outfalls. The following summary shows cost of same to Dec. 31, 1893:

SUMMARY OF EXPENDITURE UPON SYSTEM OF SEWERAGE TO DEC. 31, 1893.

Joseph Bruno, contractor, for construction, 1892,	$4,275 27	
W. G. Nash, contractor, for pipe and fittings, 1892,	7,164 12	
Rochester Foundry & Machine Co., contractor, for iron work, 1892,	665 77	
Bartlett, Gay & Young, contractor, for construction, 1893,	3,6934 23	
W. G. Nash, contractor, for pipe and fittings, 1893,	4,786 53	
Rochester Foundry & Machine Co., contractor, 1893, for iron work	1,486 49	
Land damage	107 64	
Expenses on trenches, 1892,	172 97	
Miscellaneous bills for labor, trucking, lumber, &c.,	1,301 13	
Engineering department,	3,646 97	
		$60,541 12
From the above total, deduction should be made as follows:		
Material used for sewers at East Rochester, 1892,	$ 313 97	
Material used for sewers at East Rochester, 1893,	96 25	
Surface drains between Portland and Winter streets,	146 25	
Material delivered highway dept., 1893,	175 15	
Material delivered water dept., 1893,	74 75	
Material sold individuals	31 93	
Pipe and fittings on hand,	1,400 00	
Engineering and superintendence chargable to other departments,	200 00	
		$2,438 30
Net total,		**$58,102 82**

The unfailing courtesy and forbearance displayed by our citizens, while the streets were blockaded and the means of access to their houses and places of business shut off, was a constant source of gratitude to those in charge of the work.

Our citizens, in turn, I think, appreciate the earnest efforts and untiring zeal of our committee on sewerage, who without remuneration have given to this work so much careful study and consideration and valuable time.

I would recommend that the outfalls be completed as soon as the coming season will permit, together with the construction of a suitable precipitating tank and apparatus, particularly for the outfall on the west side of the river.

It is a matter of regret that the system has not been in such condition that the citizens could avail themselves of its use during the present winter, but I see no reason why, after a few weeks of warm weather, arrangements cannot be made to have the system in universal use.

Among the other improvements which have been made during the year, might be mentioned the following: The widening of Market street, the construction of a new sidewalk on the southwesterly side of Market street, the sidewalks upon Liberty street, Portland street and Main street at East Rochester; the layout of the extension of Demeritt street at Gonic, and the layout and construction of Linden street, about 1,900 feet long; also the construction of surface sewers between Portland street and Winter street, together with the sewers at East Rochester.

During the seasons of 1892 and 1893 there have been laid at East Rochester 2,464.6 feet of sewers, all of which have been so proportioned and designed as to become a part of a complete system of drainage, both for sewage proper and storm water. I would recommend that during the coming year such extensions be made as will enable the citizens to use all the sewers within this construction independent of the existing drains in at least the northeasterly section of the village.

During the ensuing year it will be necessary to give some attention to the improvement of surface drains, particularly in

the central portion of our city; and when such construction shall be made, it would seem desirable to have it carried on with such thoroughness as to preclude, if possible, the interference with the surface of the streets, especially if it be deemed desirable to pave or macadamize.

Reference should also be made to the extension of our water mains, which have not as usual been done by contract, but under the personal direction of the efficient superintendent of water works. The tabulation follows:

	LENGTH AND SIZES OF PIPE.						Hyd'ts
	16 in	12 in	10 in	8 in	6 in	4 in	
Am't laid to Jan. 1, 1893, as per report for 1892	120	28682.1	20499.7	8679.5	52897.7	2200.3	145
Broad street					1000.0		2
Central avenue					128.5		
Factory court					285.0		1
High street					408.7		
New highway to E. Roch.					438.0		
Park street					705.5		1
River street					283.5		
Signal street					360.5		
TOTALS	120	28682.1	20499.7	8679.5	56507.4	2200 3	149

Making a total of 116689 feet, or 22.1 miles.

Respectfully submitted,

J. F. SPRINGFIELD, *City Engineer.*

Inventory of Real Estate,

As Returned by the Assessors, 1893.

ANNUAL REPORT

OF THE

SCHOOL BOARD

OF THE

CITY OF ROCHESTER, N. H.,

FOR THE

YEAR ENDING DEC. 31, 1893.

ROCHESTER, N. H.:
THE RECORD BOOK AND JOB PRINTING ESTABLISHMENT.
1894.

ROCHESTER, N. H., March 15, 1894.

To the City Council of the City of Rochester:

By vote of the school board of said city, the following was adopted as the annual report of said board to the city for the year ending Dec. 31, 1893, together with the report of the committee on school finance.

ARTHUR V. SANBORN, Secretary.

SCHOOL BOARD FOR 1893.

HORATIO L. CATE.....President.

*CHARLES F. BUZZELL, to July 13.....Secretary.

WILLIS MCDUFFEE, after July 13..... "

HENRY KIMBALL.....Supervisor.

DANIEL L. YOUNG,	GEORGE H. KNOX,
PHILANDER VARNEY,	ELIAS F. SMITH;
EDWARD H. MEADER,	DUDLEY B. WALDRON.

*Resigned from board July 13, and Dudley B. Waldron chosen to fill vacancy.

REPORT.

The schools, both in methods and attainments, it is believed, compare favorably with those of other places of like size and conditions.

A systematic plan of school work, judiciously laid out and followed, is of the first importance to the success of the schools. This plan, and the oversight of its execution, devolves upon the supervisor, and any failure in this respect is justly chargeable to him.

To insure excellence in school work, teachers and school officers must be enthusiastically devoted to it, must carry it in their hearts and let it constitute their chief topic of thought, when sitting in the "house and when walking by the way." Like Paul, if they would have that abundance of success which was his, they should be able, with him, truthfully to say, we are "determined not to know anything among you save" this one work to which we are consecrated.

The large number of shows and entertainments is a great hinderance to the progress of the village pupils. There is some attraction nearly every night in the week to draw their minds from their studies, and under such circumstances it is a wonder how they accomplish so much as they do. The country is comparatively free from such distractions, and for this reason we often find the country lad, with inferior educational opportunities, in advance of the village pupil.

This propensity for society is inherent, and must, in some way, be indulged. But cannot entertainments of a literary and helpful character be provided for the young? or at least, cannot parents and also teachers, set the example of self-restraint by abstaining from those amusements and entertainments that are a mere waste of time and often have an harmful tendency?

Teachers of the higher grades are prone to complain of a lack of thoroughness of instruction in the grades next below their own,—the intermediate teachers to complain of the work in the primary, the grammar school teachers of that in the intermediate, and the high school teachers of that in the grammar schools. This complaint is general and is heard elsewhere as well as in Rochester.

The criticism is sometimes unjust. The work of no grade can be perfect. To err is human, and even the best of teachers and supervisors are liable, at times, to omit or pass hurriedly over some important points, while the work as a whole may have been well mastered.

On the other hand the charge is frequently just. In school systems with thirty-five or more regular teachers school boards cannot be expected to have every position at all times filled with competent instructors. Teachers not by nature adapted to the work are sure at times to get into, and materially lower the standing of, some of the schools. And if such schools be a part of a graded system, then at the end of the year many of the pupils are found disqualified for promotion, while those who may be allowed to enter the next succeeding grade are not able to take up its work as successfully as they otherwise would be. For this a remedy is necessarily hard to find.

The same results, however, follow the employment of teachers who have the natural aptitude, and are otherwise well equipped for the work, but who lack experience and training. This latter is a more common evil with us than the former, and to obviate it our training school was established at the beginning of the fall term, in the Main-street school-house of Rochester village.

The object of the school is to prepare graduates of high and other similar schools to teach efficiently in the public schools by giving them a preparatory course of forty-eight weeks' instruction in the history and pedagogic principles of education and in the methods of teaching the different branches of the common school curriculum, and also a training, for the same length of time, in actual school management under the direction and criticism of the regular teachers.

The building contains three separate school-rooms and one recitation room, occupied by about two hundred pupils of the first six years of school life, heretofore under the instruction of four teachers.

The school is now under the direction of Miss Frances Clark, a graduate of the Framingham Normal School, who has taught several years successfully in the public schools of Massachusetts, assisted by Mrs. Lottie P. Caverly, a lady with a long and successful experience in our own schools. These two teachers, assisted by their six trainers, are expected to perform the work which formerly devolved upon four regular instructors and to maintain as high a standard of scholarship and discipline, at least, as is to be found in other schools of like grade in the city, with the added responsibility of giving the trainers the necessary instruction and direction in school management and methods. Miss Clark is thoroughly devoted to her work, both are untiring in their efforts to promote the interests and efficiency of the school, and, though laboring necessarily under many disadvantages, they have as fully met these requirements as could reasonably be expected.

The trainers have entered upon the work with much zeal and give promise of becoming, at the completion of their course, well equipped for their work.

Then we trust the standing of our schools will no longer need to be impaired by the employment of untrained teachers fresh from the high schools.

The pay of the principal, assistant and the trainers, has as yet been less, and in the future will but slightly exceed, that formerly received by the four teachers of the school.

The building, though the most suitable of any we have that is available, is for many reasons poorly adapted to the requirements of the school. The ninety or more pupils seated in its upper room should have two school-rooms; and several more recitation rooms, a private room for the principal, rooms and conveniences for apparatus, library, etc., are much needed. If the city could put it to some better use and furnish the school with a new building, having modern conveniences and ample

grounds, away from the business streets, so that the main thoroughfare of the city would not be the only playground accessible to its two hundred pupils, the school board would be pleased.

The rural school-houses, except that at Chestnut Hills, are in quite good condition. To the dilapidated and unsuitable condition of this house we would again call the attention of the city council, with the hope that it may soon be replaced by a new and convenient building.

During the year a basement has been constructed beneath the Meaderboro' school-house, a furnace placed in it, and the two "Great Eastern" stoves removed from its two small school-rooms. Freed from the inconvenience of these stoves the rooms are now sufficiently large for the present and prospective needs of the locality, and equally as important is the fact that they are now well ventilated and that a more even temperature can be maintained in them.

TEACHERS AND SALARIES.

High School:

Wm. W. Allen, principal, . .	$1,500 per year.
J. Sherman Richardson, assistant, . .	800 "
Ernest E. Osgood, ...	600 "

   CONGREGATIONAL CHURCH QUARTETTE.
2. PRAYER,
   REV. J. M. ADAMS.
3. ADDRESS,
   HON. DANIEL HALL, DOVER.
4. "Oh! Sad Hour of Parting,"..... *Costa*
   QUARTETTE.
5. PRESENTATION OF DIPLOMAS,
   PRESIDENT OF SCHOOL BOARD.
6. SINGING OF CLASS ODE.
7. BENEDICTION.

CLASS ODE.

[Words by ANNIE A. MORRILL and MARY R. KAY. Music by J. E. MCDUFFEE.]

Our happy school days now are o'er,
And we together stand,
To bid farewell to scenes of yore,
In one united band.

For now the time has come to part,
And each his own path wend;
But may we still be joined in heart,
And hope to meet again.

Our lives henceforth may drift apart,
But may we happy be;
With smiling face and cheerful heart,
We bid farewell to '93.

MEMBERS OF CLASS.

Ernest E. Berry,
Irving C. Faunce,
Albert Newbury,
Mary Buzzell,
Sadie A. Hall,
Ines W. Hodgdon,
Bessie M. Jenness,
Mary R. Kay,
Fannie E. McDuffee,
Annie A. Morrill,
Annie L. Smith,
Harriet B. Twombly,
Alice L. Wallace.

Rules and Regulations.

FOR THE

Schools of the City of Rochester.

CHAPTER I.

RULES OF THE SCHOOL BOARD.

SECTION 1. *Organization.*—On the Thursday evening next after the second Wednesday of January, the school board shall meet annually at seven and one-half o'clock for organization.

SEC. 2. *The Officers* of the board shall be a president, secretary and supervisor, to be elected annually by ballot and major vote.

SEC. 3. *Meetings.*—Regular meetings of the board shall be held on the second Thursday evening of each month at seven and one-half o'clock. Special meetings of the board shall be called by the secretary, whenever he may deem it necessary, or at the request of two or more members; or, in the absence or disability of the secretary, by the president in like manner.

SEC. 4. *Quorum.*—A majority of the members shall constitute a quorum.

SEC. 5. *Rules.*—Meetings shall be conducted, except when special provision is made, in accordance with the usual parliamentary rules.

SEC. 6. *The Duties of the President* shall be to call the members to order at the appointed time, and preside at all meetings. In his absence a president pro tem. shall be elected.

SEC. 7. *The Duties of the Secretary* shall be to call special meetings, as provided in Section 3, to keep a fair record of the

doings of the board in a book suitable for that purpose, in which he shall enter all the proceedings in full, including all important reports of committees, and also the names of the members present at each meeting; to conduct all necessary correspondence of the board, and perform all other duties that appropriately belong to the office of secretary.

SEC. 8. He shall receive all formal applications for position of teachers or other offices, place them or file for the inspection of the board, and shall notify all school officers of their election or appointment.

SEC. 9. He shall promptly inform teachers and janitors as to what members of the board are charged with the several duties of procuring fuel, making occasional repairs, etc.; shall see that school officers are supplied with copies of the last revision of the rules and regulations, and promptly notify them of any change made in them.

SEC. 10. *The Supervisor* shall seasonably furnish to the officers of the state all the returns required by statute to be made to them. He shall supervise the schools, examine teachers, and report their qualifications to the board; visit the schools systematically, and direct the methods and details of instruction pointing out defects and suggesting remedies; and shall give special attention to schools taught by new and inefficient teachers. He shall procure and keep each school supplied with the authorized text books and supplies; shall secure, as far as possible, harmony and uniformity of work in all departments of the same grade, and keep a scheme of the order of exercises in all the schools. In conformity to Chapter 4 of these Rules and Regulations, he shall examine scholars and assign them, excepting such as are candidates for admission to the high school, to the proper grades, and may direct the promotions to be made; and may degrade any who in his opinion are in a grade more advanced than their qualifications should allow, subject, however, to the approval of the board. But the qualifications of applicants for admission to the high school, by promotion or otherwise, he shall report to the board. He shall keep himself informed in regard to all improvements and suggestions made upon the subject of school instruction, and

recommend the adoption of such as he deems practical and expedient. Subject to the approval of the board, he shall prescribe the boundaries of the different schools and see that they are observed; direct and assist the truant officer in his duties, and try to improve the school attendance; and shall cause these rules and regulations to be strictly observed, and report to the board all violation or neglect of them. He shall also each term collect and pay over to the city treasurer the tuitions of scholars residing beyond the limits of the city.

SEC. 11. *A Committee on School Finance*, consisting of two members, shall be chosen annually, who shall meet at least once in each month, and carefully examine and audit all accounts and claims contracted or authorized by the school board, itemized and approved as provided in the following section, and, if found correct and justly due, shall allow and pass the same to the city clerk. They shall make up certified pay-rolls of all teachers at the close of every six weeks of school, and also in like manner, pay-rolls of all janitors whose pay shall exceed ten dollars per term, and of all others at the close of each term. For the consideration of the city council they shall annually make, and seasonably report to the board, a careful estimate of the expenses of the schools for the ensuing year.

SEC. 12. *No Account or Claim* shall be received or acted upon by said committee unless each item thereof shall be specifically set forth, and unless the accuracy and justness of the same shall be approved thereon by the officer or agent authorized to make the contract or cause the expenditure to be made.

SEC. 13. *Special Duties of Members.*—Members of the board may be charged with the performance of other special duties as occasion may require.

SEC. 14. *Election of School Officers.*—Teachers of all schools, and also the janitors of the school buildings at Gonic, East Rochester and Rochester Village, shall be elected annually in July by ballots bearing the name of the person voted for, and by a major vote of the board. But whenever for any reason there may be a delay in filling any position, or whenever a

vacancy shall occur after the annual election, it may be filled at any time in the same manner.

SEC. 15. *On Probation.*—Any officer named in the last section not holding at the time of his election a position of the same grade as that to which he is elected, shall be on probation, his services to expire at the close of any term of school, in case his election is not confirmed for the balance of the official period by a vote of the board.

SEC. 16. *Tenure of Office.*—All teachers shall hold their positions until the next annual election, and the janitors named for one year ending the first day of August after the next annual election, except as provided in the last section, unless in the meantime they are removed by the board. Teachers will not be allowed to resign without giving at least one month's notice, except for causes satisfactory to the board.

SEC. 17. Other janitors may be appointed by the board, or by any authorized member at any time, and for such periods as may be deemed expedient.

SEC. 18. *No Substitute* shall in any case occupy the place of any teacher until the approval of the board has been obtained and the compensation determined. But whenever any temporary indulgence or leave of absence may be desired, application may first be made to the supervisor.

SEC. 19. *The Annual Salaries* of school officers shall be determined at the time of their first election, and, if elected on probation, their salaries shall not be subject to a change at time of confirmation, and no salary shall at any time be changed except by a majority vote of the entire board.

CHAPTER II.

DUTIES OF TEACHERS AND DISCIPLINE OF SCHOOLS.

SECTION 1. *General Duties.*—Teachers shall make teaching their only regular business, and during term time shall not instruct the pupils in other than the branches prescribed, nor give instruction to private pupils without the consent of the board first obtained. In graded schools they shall follow the

prescribed course of study. They shall prepare themselves to instruct their several classes faithfully, impartially and effectively, according to the regulations prescribed by the board, and the provisions of the laws of the state; and in all subjects and methods, in which it is possible, shall teach the reason with the subject or method, and make every effort to develop the reasoning faculties of their pupils. They shall strive earnestly to promote dilligence, courtesy and obedience, and to inspire their pupils with an enthusiasm for study.

SEC. 2. *The Principal of the High School* shall have the management and control of not only the high school scholars, but of all others in the building or about the premises, when not in the rooms with their respective teachers. He shall also, when his assistance is needed, attend to cases of discipline in any part of the building. Other teachers will cheerfully co-operate with him in the execution of his plans and wishes.

SEC. 3. *Opening of Schools.*—The schools shall be opened punctually at the appointed time, and the morning exercises shall begin with the reading of a selection of the Scripture. It is recommended that this reading be followed by some devotional exercise.

SEC. 4. *Order of Exercises.*—Every teacher shall prepare and keep an order of exercises in the school room, where it may be seen by the scholars and visitors.

SEC. 5. *Physical Exercises.*—There shall be short calisthenic exercises as often as once each session in all except the high school, and teachers, especially those of the lower grades, shall endeavor to relieve their pupils by a variety of exercises, change of position and the like, as far as can be done without interfering with the school work.

SEC. 6. *Discipline.*—Teachers shall aim by precept and example to improve the manners and morals of their pupils. They shall exercise the same authority over them during recesses and on the premises as in the school room; shall avoid corporal punishment in all cases where good order can be preserved by milder means, and when inflicted they are to preserve their self-control, and refrain from exhibiting anger or impatience.

Sec. 7. *Suspension and Expulsion.*—The principal in the high school building, or a teacher in any building or room, may suspend from school a scholar of any grade excepting I, II and III, for violent or obstinate resistance to authority or gross misconduct, but he shall immediately report the case to the supervisor and to the parents or guardians of the scholar. When the conduct, example or general influence of a scholar becomes very injurious, and his reformation appears hopeless, or he manifests a determined disregard of the rules and good order of the school, he may be expelled by the board. Any scholar suspended, on giving evidence of amendment, may be restored by the supervisor, otherwise the case shall be reported to the board for its action. Any scholar expelled may be readmitted on probation, and on ample proof of reformation may be restored by vote of the board.

Sec. 8. *Scholars Leaving Under Censure.*—Teachers shall give immediate notice to the supervisor whenever a scholar shall leave under censure, and such pupil shall not be permitted to attend any public school in the city except by his order.

Sec. 9. *Care of School Rooms and Premises.*—Teachers shall be in their respective school rooms at least fifteen minutes before the opening of each session to admit pupils, suppress boisterous or disorderly conduct, and see that no school building, room or property is damaged or defaced; that the school rooms are clean, and that entries, yards and outbuildings are kept in good condition, and in executing the last requirement they may command the services of the janitors. They shall also see that the windows of their respective rooms and entries are fastened, and the doors locked, at the close of the exercises of each session of school. During intermission as few pupils as possible shall be allowed to remain in school buildings; and in the high school building these shall occupy only such rooms as the principal shall assign them, each sex being restricted to a separate room. Teachers shall make such rules as are necessary and reasonable for good order and neatness on the school premises.

SEC. 10. Teachers shall keep the doors leading to the basements of the school-houses on Maple street, School street and at East Rochester, locked, and allow no pupil, excepting such as may be acting as janitors, to enter these basements unless by special permission.

SEC. 11. *Liability for Damages.*—Teachers shall be held responsible for the school property entrusted to their care, but all injury done to it by any scholar shall be paid for by the parent or guardian.

SEC. 12. *Profanity, Indecent Writing and Willful Damage.* Any pupil who shall, on or near the school premises, use or write any profane or indecent language, draw or exhibit any obscene picture or representation, or shall willfully damage or deface any school property, shall be liable to expulsion and prosecution.

SEC. 13. *The Use of Tobacco* in any form and games of chance, on or near the school premises, are strictly prohibited.

SEC. 14. *Ventilation and Temperature.*—Teachers shall be extremely careful that their rooms be properly ventilated, that the temperature is kept as near as possible to 68 degrees Fahrenheit, and that children are not allowed to sit in a draft of air.

SEC. 15. *School Registers.*—Teachers shall fill up and return their school registers in strict conformity to the directions contained in them, except when otherwise directed, and shall also keep for their use and for that of the supervisor, an accurate list, giving the full name, age and grade of each pupil, and the name of the street upon which he resides.

CHAPTER III.

THE SCHOOL YEAR, SCHOOL HOURS, HOLIDAYS AND VACATIONS.

SECTION 1. *The School Year* shall begin the Monday nearest the first day of September, and shall consist of thirty-six weeks, and be divided into three terms. The fall term

shall commence at the beginning of the school year, and continue until the close of the sixteenth week thereafter, omitting, however, the week in which the Rochester Agricultural and Mechanical Fair is held, and also the Friday next following Thanksgiving day; the winter term on the Monday following a vacation of two weeks, and continue nine weeks; and the spring term on the first Monday of April and continue twelve weeks.

SEC. 2. *Holidays.*—Every Saturday, Fast day, Thanksgiving day, Decoration day and the twenty-second day of February shall be allowed as holidays, and also Arbor day if observed in the manner intended by statute. Teachers may close their schools one day each term to visit other schools, provided the selection of the day and of the schools to be visited shall be approved by the supervisor. Other holidays will be granted only by vote or consent of a majority of the board, obtained by some member thereof.

SEC. 3. *School Sessions.*—There shall be two daily sessions of all the schools. The forenoon session shall begin at 8.45 o'clock and continue three hours; the afternoon session for all schools in Rochester village shall commence at 1.30 o'clock and continue two hours; the schools at Gonic and East Rochester shall commence at 1.15 o'clock and continue three hours for the grammar and intermediate grades and two hours for the primary grades, and other schools at one o'clock and continue three hours.

SEC. 4. *Recesses.*—Every school shall have a recess of twenty minutes each session, with the exception of the schools in the high school building, where there shall be no recess in the afternoon. In no case shall a pupil be wholly deprived of a recess as a punishment.

CHAPTER IV.

ADMISSION, PROMOTION, EXAMINATION AND ATTENDANCE.

SECTION 1. *Infectious Diseases.*—No scholar or teacher shall be allowed to attend school from any house in which small

pox, varioloid, scarlet fever, measles or diphtheria prevail; and no scholar or teacher known to have been exposed to these diseases shall attend school until all danger from them is passed; and no one who has been afflicted with any of them shall be permitted to enter school until convalescence is complete. When any pupil shall be afflicted with any of these diseases, the teacher shall promptly report the fact to the supervisor.

SEC. 2. *Scholars Residing Beyond the Limits of the City* may be permitted to attend its schools, except in cases where such attendance would crowd any school beyond its accommodations. When so permitted, they shall pay tuition at or before the middle of each term, as follows: In the high school six, in the five higher grades of other schools four, and in all other grades three dollars a term.

SEC. 3. *Boundaries.*—Teachers shall receive or retain in their schools only those scholars whose residences are within the prescribed boundaries of their respective schools, except by consent of the board. Parents or guardians may, in case of their removal from the prescribed boundaries of any one school to those of another, continue their children in the school they are attending till the end of the term. No scholar, however, shall be received from one school into another without the approval of the supervisor, or without a certificate of transfer from the teacher whose school he leaves, stating the name, age, grade, standing and reason for the transfer, and the teacher receiving such scholar shall immediately acknowledge the receipt of the certificate.

SEC. 4. *Admission.*—Children, if residing within the boundaries of the school, and qualified to enter some one of the classes, shall be admitted to the lowest grade of school at any time without a certificate, except such as may be required by the provisions of the last section, but if unable to read they shall be admitted only at the beginning or middle of the term. A scholar may be admitted to other grades by promotion, as provided in the following sections, 7 and 8, or, if he has not been a member of a lower grade during the preceding term, then, after due examination, by a certificate stating the grade

which the scholar is qualified to enter, signed, if to the high school, by the full board, otherwise by the supervisor. No child under five years of age shall be admitted to any school.

SEC. 5. *Written Examinations* shall be given in all classes of the high school and in grade X of the other schools, at the middle and close of each term, sufficiently severe to test the pupil's knowledge of the work since the last previous examination, and a copy of the questions used shall be returned to the supervisor when requested.

SEC. 6. *Ranking.*—On these examinations, and likewise on the daily work, scholars are to be ranked, and a unit of the rank on each examination shall have one-half the rate of a unit of the average rank on the daily work during the time covered by the examination. In determining each scholar's average rank, two units on a ranking scale of one hundred shall be deducted for every instance of disobedience or improper conduct. A record of each pupil's rank in each subject, and also his average rank, shall be kept by the teacher in a suitable book, which shall at all times be open to the inspection of the board.

SEC. 7. *Promotions, Etc.*—Scholars whose rank in each subject of the work in the preceding year shall not fall below 55 per cent., and not below 65 per cent. on the entire work after deductions for disobedience and improper conduct, shall be promoted one grade annually at the beginning of the fall term. Scholars whose rank shall at any time fall below the standard required for promotion, may be put into the next lower grade, unless in the judgment of the board extenuating circumstances may justify a longer retention in his grade.

SEC. 8. Scholars in all other grades shall be promoted or degraded as the supervisor may deem advisable, subject, however, to a revision by the board.

SEC. 9. *Advanced Standing.*—No scholar admitted to advanced standing in the high school shall be permitted to compete for class honors, unless he joins his class as early as the commencement of the second year, and is critically examined and ranked on the previous work of the class or its equivalent.

Sec. 10. *Monthly Reports* of the deportment of each pupil in the grades named in Section 5, also of his rank in each subject and his average rank, shall, whenever deemed advisable, be sent to the parent or guardian, together with a notice, first, that the scholar's deportment is unsatisfactory and asking for an interview; second, that the scholar's lessons are not satisfactorily prepared, and requesting the co-operation of the parent or guardian.

Sec. 11. *Excused Absence.*—Legitimate causes for absence from school are sickness, domestic affliction, danger of serious or imprudent exposure of health, necessary absence from town, and no others. Absence from such causes shall not affect the standing of any scholar, provided a written excuse or personal explanation from his parent or guardian is seasonably furnished, when deemed necessary, and the scholar passes within a reasonable time a satisfactory examination in the studies pursued during his absence.

Sec. 12. *Unexcused Absence, Tardiness, Leaving School Before Close of Term.*—Tardiness shall be considered equivalent to one-fourth of a day's absence; and any scholar in any but the three lowest grades of school, whose absence and tardiness shall amount to seven days in any term, or who shall have left school before the close of a term, shall cease to be a member of the school, and shall be re-admitted only by the written consent of the supervisor, on condition of making up within a reasonable time the lessons lost. Scholars who are absent one-fourth of the time in any term may be put into the next lower grade.

Sec. 13. *Leaving School During a Session.*—No scholar, except in the two lowest grades of school, shall be allowed to leave the school during a session or before the dismissal of the school, unless on account of sickness or some pressing emergency of which the teacher is to judge; and a written or personal request from the parent or guardian shall be required when the necessity is not evident.

Sec. 14. *Truancy.*—Teachers shall report the names and residences of all truants and those suspected of truancy, to-

gether with the names of their parents or guardians, to the truant officer as early as practicable, by mail or otherwise. They shall keep a record of the names of all truants, which shall be open at all times to the inspection of the members of the board and of the truant officer.

CHAPTER V.

TEXT BOOKS AND STUDIES.

SECTION 1. *Courses of Study.*—The high school course of study covers a period of four years, and contains an English, English and Latin and Classical division, as at present arranged, subject to such modifications as the board shall direct. The course for the other schools shall be divided into ten grades, each grade including an average year's work, and designated by Roman numerals from I to X, beginning with the lowest, the number corresponding with the year in the school.

SEC. 2. *Selecting Divisions.*—Pupils will be expected to decide when they enter the high school which of the divisions they will pursue, and will not be permitted to change after the commencement of the second year.

SEC. 3. *Graduation.*—Scholars of the English division will not be permitted to compete for the valedictory. Those who have completed any division of the high school course, and have at the time the rank required for the annual promotions, will be allowed to graduate, and be awarded suitable diplomas.

SEC. 4. *Change of Text Books and Studies.*—No change shall be made in the high school course of study or in the text books used in the schools, and no new text books introduced, except by a major vote of the board at a regular meeting, notice thereof having been given at a previous meeting. But no vote in relation to any change or introduction of text books shall be taken while any school book agent is present at the meeting or known to be in the city.

SEC. 5. *Care of Books.*—School books and supplies furnished by the city shall be charged to and in care of the teachers, and at the end of each term they shall take an accurate account

of them, and make a report thereof to the supervisor. They shall loan them to their pupils, and see that they are carefully used, and not marked, defaced or injured. Pupils shall be required to replace or pay for such as they lose or injure. All reading books, pens, pen-holders, and also such slates, pencils and other books as pupils do not ordinarily need to take home for study, shall remain in the school-rooms, and pupils shall there have them in their possession only while they absolutely need to use them, and after each instance of such use they shall be returned to the possession of the teacher. Such books and supplies as pupils are allowed to take from the school-rooms shall be charged to them (the books being first numbered) by the teachers loaning them in record books provided for the purpose, in which shall also be noted the time and their condition when loaned; and at the close of each term, or on leaving school, pupils shall be required to return all such books to the teachers.

SEC. 6. *In Books Belonging to the City* shall be written or printed the phrase, "The Property of the City of Rochester, N. H.," together with the rules to be observed in their care and use.

SEC. 7. *Books for Reference* only shall also be numbered, and when in the possession of pupils shall be charged to them. Scholars shall be encouraged and directed to use, but not permitted to take them from the school buildings, except by special permission of the teachers, and then not allowed to retain them longer than the beginning of the next school session.

SEC. 8. *Text Books and Supplies Needed.*—Whenever a school is not sufficiently furnished with text books and supplies the teacher shall report the fact to the supervisor in writing, specifying the books and supplies needed.

CHAPTER VI.

TRAINING SCHOOL.

SECTION 1. The Main street school of Rochester Village shall be a training school, one of the objects of which shall be

to fit teachers for the work of organizing, governing and teaching efficiently in the public schools.

SEC. 2. The corps of teachers shall consist of a principal, an assistant and not more than six pupil teachers.

SEC. 3. The principal and assistant shall possess good administrative abilities, be expert teachers and well versed in normal school work and methods.

SEC. 4. Upon them shall devolve the two-fold responsibility of conducting a school of about two hundred pupils of the first six years of school life, divided into six grades, and of giving to the pupil-teachers a thirty-six weeks course of study in normal training, and forty-eight weeks of actual teaching under their direction.

SEC. 5. They shall instruct the pupil teachers:

1. In school organization and management.

2. In school discipline and hygiene.

3. In the history of education and the general principles of pedagogics.

4. In methods of teaching the different branches of the common school curriculum.

SEC. 6. The pupil teachers shall be appointed by the school board upon such examination as shall be deemed advisable; but no person shall be eligible to such appointment who is not a graduate of a full four years course in the Rochester High School, or of a school of equal standing.

SEC. 7. They shall be divided into two divisions of not more than three members each, to be known as Senior and Junior classes, those who have served in the school twenty-four weeks to compose the Senior, and the others the Junior class. The first entering class shall begin their course at the commencement of the school year of 1893, and an additional class at the beginning of each successive twenty-fifth school week thereafter.

SEC. 8. Pupil teachers for the first twelve weeks of the course shall serve without pay, for the next twenty-four weeks each shall receive seventy-five cents, and for the last twelve

weeks one dollar for each day's service; but when any pupil teacher shall be assigned to substitute duties she shall receive four-fifths as much as the usual pay of the position in which she substitutes.

SEC. 9. The supervisor, if it is deemed necessary, may, when vacancies exist in the corps of pupil teachers, employ as substitutes in such vacancies either graduates of the school at the pay of five dollars per week, or young ladies without pay who are eligible to appointment as pupil-teachers and who intend to enter the school as such at the earliest opportunity; but the supervisor shall report all substitutes thus employed to the next meeting of the school board for their approval.

SEC. 10. Under the direction of the principal and assistant the pupil-teachers shall have full power to enforce discipline.

SEC. 11. Whenever, in the judgment of the principal and supervisor any pupil-teacher shows manifest disqualifications for the work of an instructor, they may notify her that her services are no longer needed.

SEC. 12. Pupil-teachers who, in the opinion of the supervisor and principal, have satisfactorily completed the course prescribed, shall be granted certificates of graduation, signed by the president and secretary of the school board and by the supervisor and principal of the school.

SEC. 13. All substitutes in the regular schools shall be taken, when practicable, first from unassigned graduates of this school, second from pupil teachers who have been trained at least twenty-four weeks; but no pupil-teacher who has been trained less than thirty-six weeks shall substitute more than three weeks in any one term.

SEC. 14. In procuring teachers for any grade of school, except the high, the school board will confine their selections to graduates of this or similar training schools, to graduates of normal schools and to teachers with a successful experience equivalent in length of time and attainments in school work to the prescribed course and requirements of this training school,

except in rare instances, when the interests of the schools may seem to demand a departure from this rule.

SEC. 15. The training school shall also be subject to the provisions of the other chapters of these Rules and Regulations on all points not covered by this chapter.

CHAPTER VII.

DUTIES OF JANITORS.

SECTION 1. *Janitors* of all schools are to have charge of all rooms in the school building, and of all school yards and outbuildings, and shall keep them in good condition.

SEC. 2. They shall keep all necessary paths in the yard free from snow and ice, sprinkle the steps and walks with sand when slippery, examine all outbuildings daily, and keep them in perfectly good order, promptly report all nuisances or defacements committed in them to the teachers, with the names of those they may detect in, or suspect of, committing the same, and shall unlock them in the morning and lock them at night, before and after each school day. They shall sweep every school-room as often as every alternate school day, and the hall and passageways as often, at least, and oftener, if necessary, to keep them in a neat condition, and shall dust all furniture each morning before the opening of the school session. They shall have each school-room properly warmed at least thirty minutes before each school session, and shall seasonably notify the member of the school board charged with the duty of furnishing fuel, when any material for making or kindling fires, or other supplies necessary to the performance of their duty, are wanted. When not present themselves, they shall, at all times, except during the session of the school or presence of the teachers, keep the windows fastened and the doors locked, and, except at the high school building, allow no one to enter any school building in the absence of the teachers.

SEC. 3. *The Janitor of the High School Building* shall perform such of the duties prescribed in the two previous sections as are not inapplicable to his school building and premises. During each term of school he shall devote his whole time to his duties as janitor, except that he may also perform the duties of truant officer, if appointed to that office by the school board, and paid by the city; shall at all times keep the premises in a neat and orderly condition, and during vacations shall have the care and oversight of them and see that no damage is done. He shall wind and regulate the clocks and keep them in good order, shall thoroughly cleanse all rooms, halls, passageways and all windows as often as twice each year. He shall have the charge and management of the wind-mill for pumping water, keep the school building properly supplied with water, and shut it off at the beginning of each vacation and every night in severe weather. He shall give his personal attention to the heating apparatus while in use, and keep it in good condition at all times.

SEC. 4. He shall be present half an hour before the beginning of the morning session of schools, during recesses, the entire intermission, and twenty minutes after the close of the afternoon sessions; shall co-operate with the teacher in the maintenance of good order about the premises; assist in the supervision of pupils during recesses, and while forming to march in and out of the building; shall, during intermissions, have charge of all pupils allowed to remain in the building, restrict them to the rooms assigned them by the principal, suppress all boisterous or disorderly conduct, see that they do not damage or deface the building, or otherwise violate the school regulations; and shall allow no pupils to enter the building in the absence of their teachers. He shall report to the principal each day for such services as may be required of him.

SEC. 5. *Repairs.*—He shall make such repairs as he conveniently can, such as setting glass and the like. All other needed repairs, all damages and nuisances, he shall report to the school board.

CHAPTER VIII.

ENFORCEMENT AND AMENDMENTS.

SEC. 1. It shall be the duty of all the school officers to acquaint themselves and the scholars thoroughly with the school regulations, and within their respective jurisdictions to enforce them.

SEC. 2. These rules and regulations, or any part of them, may be repealed, amended, or additions made thereto by a major vote of the board, notice thereof having been given at a previous meeting.

VITAL STATISTICS

OF THE

CITY OF ROCHESTER,

FOR THE YEAR ENDING DECEMBER 31,

1893.

BIRTHS.

BIRTHS REGISTERED IN THE CITY OF ROCHESTER FOR THE YEAR ENDING DEC. 31, 1893.
